1. Consider approving contract with Arbor Master Tree Service for help with removal of storm debris

A motion was made by Council Member Maxey, seconded by Council Member Weller, to approve awarding a contract with Arbor Master Tree Service for help with removal of storm debris.

(5:06 p.m. - Council Member Smaistrla arrived.)

The City Manager stated that the City Attorney, after meeting with the Public Works Director and himself, has agreed that an emergency does exist in that there is debris in the streets causing traffic hazards, there limbs and debris in the parks, traffic is impeded, and drainage is being slowed or stopped because of the debris. Mr. Crosby said that our crews cannot handle all the work city-wide for the residents, plus the city's debris situation.

Mr. Crosby said that it is important that we clear this in a timely manner and all of this work to be done is 100% reimbursable by FEMA. The City Manager said our Public Works Director, Jerry Reed, and Tim Rundel, Administrative Assistant, have gone over the proposals and taking everything into consideration, they have recommended that we contract with Arbor Master.

The City Attorney said the motion should include the statement that an emergency exists.

Council Members Maxey and Weller amended their motion and second to state that an emergency exists in the City of Yukon and that we approve awarding a contract with Arbor

Master Tree Service for help with removal of storm debris.
