INDEPENDENT AUDITOR'S REPORT

To the City Council
City of Yukon, Oklahoma

Report on the Audit of the Financial Statements

Opinions

We have audited the accompanying financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the City of Yukon, Oklahoma, as of and for the year ended June 30, 2023, and the related notes to the financial statements, which collectively comprise the City of Yukon, Oklahoma's basic financial statements as listed in the table of contents.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the City of Yukon, Oklahoma, as of June 30, 2023, and the respective changes in financial position, and, where applicable, cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinions

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the City of Yukon, Oklahoma and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the City of Yukon, Oklahoma's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards and *Government Auditing Standards* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards and *Government Auditing Standards*, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the City of Yukon, Oklahoma's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the City of Yukon, Oklahoma's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis, pension plan schedules and budgetary comparison information on pages 9–18 and 67–73 be presented to supplement the basic financial statements. Such information is the responsibility of management and, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Supplementary Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the City of Yukon, Oklahoma's basic financial statements. The accompanying combining and individual nonmajor fund financial statements are presented for purposes of additional analysis and are not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the combining and individual nonmajor fund financial statements are fairly stated, in all material respects, in relation to the basic financial statements as a whole.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated June 5, 2024, on our consideration of the City of Yukon, Oklahoma's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the City of Yukon, Oklahoma's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering City of Yukon, Oklahoma's internal control over financial reporting and compliance.

MANAGEMENT DISCUSSION AND ANALYSIS

CITY OF YUKON, OKLAHOMA
ANNUAL FINANCIAL REPORT
As of and for the Year Ended June 30, 2023

Our discussion and analysis of the City of Yukon's financial performance provides an overview of the City's financial activities for the fiscal year ended June 30, 2023. Please read it in conjunction with the City's financial statements, which follow this section.

FINANCIAL HIGHLIGHTS

- For the fiscal year ended June 30, 2023, the City's total net position increased by \$6.9 million or 8.9% from the prior year.
- During the year, the City's expenses for governmental activities were \$37.9 million and were funded by program revenues of \$4.2 million and further funded with taxes and other general revenues that totaled \$36.9 million.
- In the City's business-type activities, such as utilities, revenues excluding transfers exceeded expenses by \$3.7 million.
- At June 30, 2023, the General Fund reported an unassigned fund balance of \$14.2 million.
- For budgetary reporting purposes, the General Fund reported revenues and transfers over estimates by \$1,590,915 or a positive 5.4%, while expenditures and transfers were under the final appropriations by \$817,186 or 2.7%.

OVERVIEW OF THE FINANCIAL STATEMENTS

The financial statements presented herein include all of the activities of the City of Yukon (the "City") and its component units using the integrated approach as prescribed by GASB Statements No. 14, 34, and 39 and 61. Included in this report are governmental-wide statements for each of two categories of activities – governmental and business-type. The government-wide financial statements present the complete financial picture of the City from the economic resources measurement focus using the accrual basis of accounting. They present governmental activities and business type activities separately and combined. These statements include all assets of the City (including infrastructure capital assets) and deferred outflows, as well as all liabilities (including all long-term debt) and deferred inflows.

About the City

The City of Yukon is a municipality with a population of approximately 24,623 located in central Oklahoma. The City is a Council-Manager form of government that provides for three branches of government:

- Legislative – the City Council is the governing body elected by the citizens
- Executive – the City Manager is the Chief Executive Officer and is appointed by the City Council
- Judicial – the Municipal Judge is a practicing attorney appointed by the City Manager

The City provides typical municipal services such as public safety, street maintenance, culture, parks and recreation, and certain utility services including water, wastewater, and sanitation.

The City's Financial Reporting Entity

This annual report includes all activities for which the City of Yukon City Council is fiscally responsible. These activities, defined as the City's financial reporting entity, are operated within separate legal entities that make up the primary government.

(Unaudited. See accompanying auditor's report.)

CITY OF YUKON, OKLAHOMA
ANNUAL FINANCIAL REPORT
As of and for the Year Ended June 30, 2023

The City's financial reporting entity includes the primary government (City of Yukon), two active blended component units and one inactive blended component unit as follows:

- **The City of Yukon** – that operates the public safety, streets, culture, parks and recreation, and administrative activities
- **The Yukon Municipal Authority** – that operates the water, sewer, and sanitation services of the City (blended component unit)
- **The Yukon Economic Development Authority** – that promotes economic and community development in the Yukon area (blended component unit)
- **The Yukon Educational Facilities Authority** – that promotes growth and development of commerce, education, and industry (inactive blended component unit)

Using This Annual Report

This annual report is presented in a format that substantially meets the presentation requirements of the Governmental Accounting Standards Board (GASB) in accordance with generally accepted accounting principles. The presentation includes financial statements that communicate the City's financial condition and changes therein on the accrual basis of accounting at two distinct levels:

- **The City as a Whole** (a government-wide presentation)
- **The City's Funds** (a presentation of the City's major and aggregate non-major funds)

Reporting the City as a Whole

The Statement of Net Position and the Statement of Activities

One of the most frequently asked questions about the City's finances is, "Has the City's overall financial condition improved, declined or remained steady over the past year?" The Statement of Net Position and the Statement of Activities report information about the City as a whole and about its activities in a way that helps answer this question. These statements include all assets, deferred outflows, liabilities and deferred inflows using the accrual basis of accounting. All of the current year's revenues and expenses are taken into account regardless of when cash is received or paid.

These two government-wide statements report the City's net position and changes in it from the prior year. You can think of the City's net position – the difference between assets, deferred outflows, liabilities and deferred inflows – as one way to measure the City's financial condition, or position.

Over time, increases or decreases in the City's net position are one indicator of whether its financial health is improving, deteriorating, or remaining steady. However, you must consider other nonfinancial factors, such as changes in the City's tax base, the condition of the City's roads, and the quality of services to assess the overall health and performance of the City.

As mentioned above, in the Statement of Net Position and the Statement of Activities, we divide the City into two kinds of activities:

(Unaudited. See accompanying auditor's report.)

CITY OF YUKON, OKLAHOMA
ANNUAL FINANCIAL REPORT
As of and for the Year Ended June 30, 2023

- **Governmental activities** – Most of the City’s basic services are reported here, including the police, fire, general administration, streets, and parks. Sales taxes, franchise fees, fines, and state and federal grants finance most of these activities.
- **Business-type activities** – The City charges a fee to customers to help cover all or most of the cost of certain services it provides. The City’s water, wastewater, and sanitation are reported here.

Reporting the City’s Most Significant Funds - Fund Financial Statements

The fund financial statements provide detailed information about the most significant funds – not the City as a whole. Some funds are required to be established by State law and by bond covenants. However, management establishes many other funds to help it control and manage money for particular purposes or to show that it is meeting legal responsibilities for using certain taxes, grants and other money.

Governmental funds – Most of the City’s basic services are reported in governmental funds, which focus on how money flows into and out of those funds and the balances left at year-end that are available for spending. These funds are reported using an accounting method called modified accrual accounting, which measures cash and all other financial assets that can readily be converted to cash. The governmental fund statements provide a detailed short-term view of the City’s general government operations and the basic service it provides. Governmental fund information helps determine whether there are more or fewer financial resources that can be spent in the near future to finance the City’s programs. The differences of results in the Governmental Fund financial statements to those in the Government-Wide financial statements are explained in a reconciliation following the Governmental Fund financial statement.

Proprietary funds – When the City charges customers for the services it provides – whether to outside customers or to other units of the City – these services are generally reported in proprietary funds. Proprietary funds are reported in the same way that all activities are reported in the Statement of Net Position, the Statement of Revenues, Expenses and Changes in Fund Net Position and Statement of Cash Flows. In fact, the City’s enterprise funds are essentially the same as the business-type activities we report in the government-wide statements but provide more detail and additional information, such as cash flows.

A FINANCIAL ANALYSIS OF THE CITY AS A WHOLE

Net Position

As noted earlier, net position may serve over time as a useful indicator of a government’s financial position. In the case of the primary government, assets and deferred outflows exceeded liabilities and deferred inflows by \$84.2 million at the close of the most recent fiscal year.

The largest portion of the City's net position reflects its net investment in capital assets (e.g., land, buildings, machinery, and equipment). For 2023, this net investment in capital assets amounted to \$52 million. The City uses these capital assets to provide services to citizens; consequently, these assets are not available for future spending. Although the City's investment in its capital assets is reported net of related debt, it should be noted that the resources needed to repay this debt must be provided from other sources, since the capital assets themselves cannot be used to liquidate these liabilities.

Explanations for the changes in excess of 20% and \$300,000 are explained below:

Governmental Activities:

Other non-current assets (66% decrease of \$4.9 million) – Mainly due to decrease of \$4.7 million in net pension asset

Deferred outflow of resources (62% increase of \$3.9 million) - Due to differences in actual investment earnings versus projected investment earnings in defined benefit retirement plans

Current liabilities (35% increase of \$1.9 million) – Mainly due to increase in current portion of long-term liabilities

Deferred inflow of resources (81% decrease of \$13 million) - Due to differences in actual investment earnings versus projected investment earnings in defined benefit retirement plans

Restricted net position (23% increase of \$4.9 million) – Due to restricted revenues exceeding expenses

Unrestricted (deficit) net position (454% decrease in deficit and increase in net position of \$3.2 million) – Mainly due to unrestricted revenues exceeding expenses

(Unaudited. See accompanying auditor's report.)

CITY OF YUKON, OKLAHOMA
ANNUAL FINANCIAL REPORT
As of and for the Year Ended June 30, 2023

Business-type Activities:

Current assets (34% increase of \$2.4 million) – Mainly due to an increase in cash and cash equivalents from \$2.4 million of unspent ARPA grant

Deferred outflow of resources (55% increase of \$1 million) – Due to differences in actual investment earnings versus projected investment earnings in defined benefit retirement plans

Current liabilities (63% increase of \$2 million) – Mainly due to increase in unearned revenue from unspent ARPA grant

Non-current liabilities (43% increase of \$327,000) – Mainly due to increase in OMRF net pension liability

Deferred inflow of resources (62% decrease of \$383,000) – Due to differences in actual investment earnings versus projected investment earnings in defined benefit retirement plans

Unrestricted net position (22% increase of \$601,000) – Mainly due to unrestricted revenues exceeding expenses

Changes in Net Position

CITY OF YUKON, OKLAHOMA
ANNUAL FINANCIAL REPORT
As of and for the Year Ended June 30, 2023

Explanations for the changes in excess of 20% and \$300,000 are explained below:

Governmental Activities:

Capital grants and contributions – (100% decrease of \$1.4 million) - Resulting primarily from street capital grants received in FY22 that were not received in FY23

Investment income – (1,017% increase of \$488,000) - Resulting from increased interest rates on certificates of deposit

Miscellaneous – (139% increase of \$752,000) - Resulting primarily from an increase in insurance reimbursement revenue and proceeds from the sale of city property

Public Safety – (28% increase of \$3.8 million) - Resulting primarily from an increase in fire and police pension expenses

Business-type Activities:

Capital grants and contributions – (81% decrease of \$1.7 million) Resulting from a decrease in capital contributed for stormwater, water, and sewer

Governmental Activities

To aid in the understanding of the statement of activities some additional explanation is given. Of particular interest is the format that is significantly different than a typical statement of revenues, expenses, and changes in fund balance. You will notice that expenses are listed in the first column with revenues from that particular program reported to the right. The result is a net (expense)/revenue. The reason for this kind of format is to highlight the relative financial burden of each of the functions on the City's taxpayers. It also identifies how much each function draws from the general revenues or if it is self-financing through fees and grants or contributions. All other governmental revenues are reported as general. It is important to note all taxes are classified as general revenue even if restricted for a specific purpose.

Economic Factors and Next Year's Budget and Rates

The City's budget for next fiscal year includes the following highlights:

Given the continued economic uncertainty and stagnant sales tax growth, the City of Yukon will continue to operate under a tight budget in order to continue improving its overall financial position. During this fiscal year, the City should see the completion or advancement of several major projects, most notably, improvements to Wagner Road between Yukon Parkway and Sara Road, the resurfacing of Garth Brooks Boulevard, traffic signalization on 10th St and Shedeck Parkway as well as a number of sidewalk and street striping projects. ARPA funds will continue to provide an enormous boon to our water and sewer infrastructure and rehabilitation. Additionally, the City of Yukon remains hopeful commercial development may begin along the I-40 & Frisco Road Interchange. The overall budget has increased \$8,753,589 from the previous year with notable funds outlined below:

The General Fund increased by \$4.4 million

The Capital Improvement Fund increased by \$3.4 million

CITY OF YUKON, OKLAHOMA
ANNUAL FINANCIAL REPORT
As of and for the Year Ended June 30, 2023

Reconciliation of Governmental Funds and Government-Wide Financial Statements:

Fund Balance - Net Position Reconciliation: \$ 44,446,804

Amounts reported for governmental activities in the Statement of Net Position are different because:

Capital assets used in governmental activities are not current financial resources and therefore are not reported in the funds, net of accumulated depreciation of \$84,839,084 73,697,166

Other long-term assets are not available to pay for current period expenditures and they, along with deferred outflows, are either deferred or not reported in the funds:

Grants receivable and accounts receivable, net of allowance for doubtful accounts	705,409
Net pension asset	873,591
Pension related deferred outflows	10,144,544
Deferred outflow related to long-term debt refunding	19,445
Deferred outflow related to OPEB	80,671

Certain long-term liabilities are not due and payable from current financial resources and therefore they, along with deferred inflows, are not reported in the funds:

Net pension liability	(20,526,564)
Pension related deferred inflows	(1,342,545)
Deferred inflow related to OPEB	(54,628)
Accrued interest payable	(31,078)
Lease obligation	(83,691)
SBITA obligation	(104,952)
Revenue bond obligations	(1,415,000)
Notes payable	(37,948,880)

Total OPEB liability	(268,964)
Accrued compensated absences	(2,592,483)

	(64,541,035)

Net Position of Governmental Activities in the Statement of Net Position \$ 65,426,595

See accompanying notes to the financial statements.

CITY OF YUKON, OKLAHOMA
ANNUAL FINANCIAL REPORT
As of and for the Year Ended June 30, 2023

Changes in Fund Balance - Changes in Net Position Reconciliation: \$ 7,714,787

Amounts reported for Governmental Activities in the Statement of Activities are different because:

Governmental funds report outlays for capital assets as expenditures while governmental activities report depreciation and amortization expense to allocate those expenditures over the life of the assets:

Capital asset purchases capitalized	3,049,266
Book value of disposed capital assets	(16,447)
Reimbursement of capital expenditures	(1,101,449)
Depreciation expense	(5,007,098)
	<hr/>
	(3,075,728)

In the Statement of Activities, the net cost of pension benefits earned is calculated and reported as pension expense. The fund financial statements report pension contributions as pension expenditures. This amount represents the difference between pension contributions and calculated pension expense.

147,756

Revenues in the Statement of Activities that do not provide current financial resources are not reported as revenues in the funds:

Change in unavailable revenue	184,311
-------------------------------	---------

Debt proceeds provide current financial resources to governmental funds, but issuing debt increases long-term liabilities in the Statement of Net Position. Repayment of debt principal is an expenditure in the governmental funds, but the repayment reduces long-term liabilities in the Statement of Net Position:

Loan proceeds	(629,058)
SBITA proceeds	(75,570)

FOOTNOTES TO THE BASIC FINANCIAL STATEMENTS

CITY OF YUKON, OKLAHOMA
ANNUAL FINANCIAL REPORT
As of and for the Year Ended June 30, 2023

Footnotes to the Basic Financial Statements:

1. Financial Reporting Entity

The City's financial reporting entity includes the primary government (City of Yukon) and two active blended component units and one inactive blended component unit as noted below. This annual report includes all activities for which the City of Yukon City Council/Manager is fiscally responsible.

In determining the financial reporting entity, the City complies with the provisions of Governmental Accounting Standards Board Statement No. 14, "The Financial Reporting Entity", as amended by Statement 61 and includes all component units for which the City is financially accountable.

The City of Yukon – that provides the public safety, health and welfare, streets and highways, parks and recreation, and administrative activities.

The City of Yukon has a population of approximately 24,623 located in central Oklahoma. The City is a Council/Manager form of government that provides for three branches of government:

- Legislative – the City Council is the governing body elected by the citizens
- Executive – the City Manager is the Chief Executive Officer and is appointed by the City Council
- Judicial – the Municipal Judge is a practicing attorney appointed by the City Manager

The City provides typical municipal services such as public safety, street maintenance, culture, parks and recreation and airport.

Blended Component Units:

The Yukon Municipal Authority (YMA) – that operates the water, sewer and sanitation services of the City – City Council serves as Authority Trustees and City Management serves as management of the trust.

The Yukon Economic Development Authority (YEDA) – that promotes economic and community development in the Yukon area. City Council appoints 7 trustees – two of which are City Council members; YEDA almost exclusively provides services to the City.

The Yukon Educational Facilities Authority (YEFA) – promotes growth and development of commerce, education, and industry. City Council serves as Authority Trustees. This component unit is inactive.

Each of these component units are Public Trusts established pursuant to Title 60 of Oklahoma State law. Public Trusts (Authorities) have no taxing power. The Authorities are generally created to finance City services through issuance of revenue bonds or other non-general obligation debt and to enable the City Council to delegate certain functions to the governing body (Trustees) of the Authority. The Authorities generally retain title to assets which are acquired or constructed with Authority debt or other Authority generated resources. In addition, the City has leased certain existing assets at the creation for the Authorities to the Trustees on a long-term basis. The City, as beneficiary of the Public Trusts, receives title to any residual assets when a Public Trust is dissolved.

2. Basis of Presentation and Accounting

Government-Wide Financial Statements:

The statements of net position and activities are reported on the accrual basis of accounting and economic resources measurement focus. Under the accrual basis of accounting, revenues are recognized when earned and expenses (including depreciation and amortization) are recorded when the liability is incurred or economic asset used.

Program revenues in the Statement of Activities, are revenues that are derived directly from each activity or from parties outside of the City's taxpayers. The City has the following program revenues in each activity:

- Public Safety – Fire, Police, Ambulance – fines and forfeitures, restricted operating grants, and restricted capital grants
- Transportation – Restricted capital grants.
- Culture, parks, and recreation – cemetery revenues, pool fees, park fees, and restricted operating and capital grants
- General Government – license and permits, plat and abatement fees, demolition fees, and restricted operating grants
- Water and wastewater – water and wastewater service charges
- Sanitation – sanitation service charges
- Stormwater – stormwater fees

All other governmental revenues are reported as general. All taxes are classified as general revenue even if restricted for a specific purpose.

The funds of the financial reporting entity are described below.

Governmental Funds:

The City's governmental funds include:

Major Funds:

- General Fund – accounts for all activities not accounted for in other special-purpose funds. For financial statement reporting purposes the General Fund contains the following combining accounts:
 - Public Employee Sales Tax Account (PEST)
 - General Reserve Account
 - Municipal Court Account
 - Escrow Account
- 1996 Sales Tax Capital Projects Fund (reported as a capital project fund) – accounts for one penny sales taxes restricted for capital improvements and equipment, as well as hotel/motel taxes restricted for economic development, tourism, conventions, and parks/recreation.

CITY OF YUKON, OKLAHOMA
ANNUAL FINANCIAL REPORT
As of and for the Year Ended June 30, 2023

Aggregated Non-Major Funds (reported as Other Governmental Funds):

Special Revenue Funds:

Special Revenue Funds are used to account for the proceeds of specific revenue sources that are restricted or committed to expenditure for specified purposes other than debt service or capital projects.

- Special Revenue Fund – accounts for restricted revenues for various programs and projects.
- CDBG Fund – accounts for CDGB grant activity.
- Yukon Economic Development Authority Fund – accounts for tax increment sales, use, and hotel/motel taxes generated from within the TIF district equal to 90% of the non-dedicated two cents sales and use tax, as well as 90% of the five cents hotel/motel tax to be used for construction of an interchange at Frisco Road and Interstate 40, as well as the creation of an attractive viable commercial corridor south of Interstate 40 on and east of Frisco Road.
- Hotel/Motel Tax Fund – accounts for hotel/motel tax revenues received other than those within the TIF District as noted above.
- Opioid Settlement Fund – accounts for restricted opioid settlement revenues.

Capital Project Fund:

- Capital Projects Fund – accounts for oil and gas receipts to be used for capital projects.

Debt Service Fund:

- Debt Service Fund – accounts for property taxes used to pay general obligation bonds debt service.

The governmental funds are reported on the modified accrual basis of accounting. On the modified accrual basis of accounting revenues are recorded when earned and measurable and available to pay current financial obligations, while expenditures are recorded when incurred and payable from current financial resources. The City defines revenue availability as collected within 60 days of period end.

The reconciliation of the governmental funds financial statements to the governmental activities presentation in the government-wide financial statements is the result of the use of the accrual basis of accounting and economic resources measurement focus at the government-wide level.

The General Fund and the 1996 Sales Tax Capital Projects Fund are considered major funds and are therefore displayed in separate columns. All other governmental funds are considered non-major funds and are aggregated under the column Other Governmental Funds.

CITY OF YUKON, OKLAHOMA
ANNUAL FINANCIAL REPORT
As of and for the Year Ended June 30, 2023

Proprietary Funds:

The City's proprietary funds include:

Enterprise Funds

- Yukon Municipal Authority (YMA) Water and Sewer Fund that accounts for the activities of the public trust in providing water and sewer services to the public. For financial reporting purposes, it includes the following accounts: YMA Capital and Utility Billing Account, YMA Water and Sewer Operations Account, and YMA Bond Account.
- YMA Sanitation Fund accounts for the activities of the public trust in providing sanitation services to the public.
- City Stormwater Fund accounts for stormwater services.

For purposes of the statement of revenues, expenses and changes in net position, operating revenues and expenses are considered those whose cash flows are related to operating activities, while revenues and expenses related to financing, capital and investing activities are reported as non-operating or transfers and contributions.

3. Cash, Cash Equivalents, and Investments

For the purpose of the statements of net position, balance sheets, and statement of cash flows, cash and cash equivalents includes all demand and savings accounts, certificates of deposit or short-term investments with an original maturity of three-months or less. Trust account investments in open-ended mutual fund shares are also considered cash equivalents for reporting purposes.

At June 30, 2023, the reporting entity held the following deposits and investments:

CITY OF YUKON, OKLAHOMA
ANNUAL FINANCIAL REPORT
As of and for the Year Ended June 30, 2023

Custodial Credit Risk – Exposure to custodial credit risk related to deposits exists when the City holds deposits that are uninsured and uncollateralized with securities held by the pledging financial institution, or by its trust department or agent but not in the City’s name or collateralized without a written or approved collateral agreement. Exposure to custodial credit risk related to investments exists when the City holds investments that are uninsured and unregistered, with securities held by the counterparty or by its trust department or agent but not in the City’s name.

The City’s policy as it relates to custodial credit risk is to secure its uninsured deposits with collateral, valued at no more than market value. At June 30, 2023, the City was exposed to no custodial risk.

Investment Interest Rate Risk – Interest rate risk is the risk that changes in interest rates will adversely affect the fair value of an investment. The City does not have a formal investment policy that limits investment maturities as a means of managing its exposure to fair value losses arising from increasing interest rates.

Investment Credit Risk - The City is currently working with the City Attorney to revise the investment policy for adaptation during the new re-codification. The City has limited its investment choices to state law as follows:

- a. Direct obligations of the U. S. Government, its agencies and instrumentalities to which the full faith and credit of the U. S. Government is pledged, or obligations to the payment of which the full faith and credit of the State is pledged.
- b. Certificates of deposit or savings accounts that are either insured or secured with acceptable collateral with in-state financial institutions, and fully insured certificates of deposit or savings accounts in out-of-state financial institutions.
- c. With certain limitation, negotiable certificates of deposit, prime bankers acceptances, prime commercial paper and repurchase agreements with certain limitations.
- d. County, municipal or school district tax supported debt obligations, bond or revenue anticipation notes, money judgments, or bond or revenue anticipation notes of public trusts whose beneficiary is a county, municipality or school district.
- e. Notes or bonds secured by mortgage or trust deed insured by the Federal Housing Administrator and debentures issued by the Federal Housing Administrator, and in obligations of the National Mortgage Association.
- f. Money market funds regulated by the SEC and in which investments consist of the investments mentioned in the previous paragraphs a., b., c., d., and e.

Concentration of Investment Credit Risk – Exposure to concentration of credit risk is considered to exist when investments in any one issuer represent a significant percent of total investments of the City (any over 5% are disclosed). Investments issued or explicitly guaranteed by the U.S. government and investments in mutual funds, external investment pools, and other pooled investments are excluded from this consideration. The City places no limit on the amount it may invest in any one issuer.

The City categorizes its fair value measurements within the fair value hierarchy established by generally accepted accounting principles. The hierarchy is based on the valuation inputs used to measure the fair value of the asset. Level 1 inputs are quoted prices in active markets for identical assets; Level 2 inputs are significant other observable inputs; Level 3 inputs are significant unobservable inputs.

CITY OF YUKON, OKLAHOMA
ANNUAL FINANCIAL REPORT
As of and for the Year Ended June 30, 2023

The City has the following recurring fair value measurements as of June 30, 2023:

- Money Market Mutual Funds of \$4,729,398 are valued using quoted market prices (Level 1 inputs).

Restricted Cash and Investments – The amounts reported as restricted assets of the Statement of Net Position are comprised of amounts restricted for utility deposits, debt service, debt reserve, restricted use resources or construction purposes. The restricted assets as of June 30, 2023 are as follows:

CITY OF YUKON, OKLAHOMA
ANNUAL FINANCIAL REPORT
As of and for the Year Ended June 30, 2023

In addition, the City as a lessor, has entered into lease agreements involving land, buildings, and infrastructure. The total amount of inflows of resources, including lease revenue and interest revenue recognized during the fiscal year was \$175,389.

Opioid Settlement Funds

In June 2022, drug manufacturer distributors reached a \$308 billion-dollar nationwide settlement related to opioid lawsuit(s). These funds will be disbursed to each litigating party over an 18-year period according to an allocation agreement reached with all participating states.

Oklahoma's Memorandum of Agreement (MOA) between the state and local governments for the settlement funds allocates the funds as follows:

- 25% of Net Opioid Funds to Litigating Political Subdivisions
 - 10% of allocation to establish an appeal fund
- 75% to the State of Oklahoma

The City as a litigating party received \$65,695 as part of this settlement in fiscal year 2023. Per the terms of the MOA, the City created a special revenue fund, the Opioid Settlement Fund, to account for these funds. All funds are to be used for opioid abatement and remediation activities. Funds are restricted until expended. No funds have been expended as of June 30th, 2023.

Additional settlement amounts are not listed that the City could be a litigating party; these amounts could not be estimated at this time.

5. Capital Assets and Depreciation

Capital Assets:

Capital assets consist of land, construction in progress, buildings and building improvements, machinery and equipment, vehicles, and infrastructure. Capital assets are reported at actual or estimated historical cost if actual is unavailable, and reported in the government-wide financial statements. Donated capital assets are recorded at their fair value at the date of donation. Prior to July 1, 2002, governmental activities' infrastructure assets were not capitalized. These assets (back to July 1, 1980) are valued at estimated historical cost. The City capitalized some of the infrastructure assets in the fiscal year ended June 30, 2005; while the remaining infrastructure assets were valued and capitalized in the fiscal year ended June 30, 2007. Proprietary fund capital assets are also reported in their respective funds.

The City capitalizes assets with cost in excess of \$5,000 as purchases and construction outlays occur. Capital assets are depreciated using the straight-line method. Estimated useful lives, in year, for depreciable assets are as follows:

Buildings	40 years
Building Improvements	20-40 years
Vehicles	2-5 years
Office Equipment	7 – 10 years
Computer Equipment	3-5 years
Infrastructure	25 – 50 years

Leased assets are amortized over the life of the associated contract.

7. Net Position and Fund Balances

Fund Statements:

Governmental fund equity is classified as fund balance. Fund balance is further classified as non-spendable, restricted, committed, assigned and unassigned. These classifications are defined as:

- a. Non-spendable – includes amounts that cannot be spent because they are either (a) not in spendable form or (b) legally or contractually required to be maintained intact.
- b. Restricted – consists of fund balance with constraints placed on the use of resources either by (1) external groups such as creditors, grantors, contributors, or laws or regulations of other governments, or (2) laws through constitutional provisions or enabling legislation.
- c. Committed – includes amounts that can only be used for specific purposes pursuant to constraints imposed by formal action of the city's highest level of decision-making authority. The City's highest level of decision-making authority is made by ordinance, while the Yukon Economic Development Authority's highest level of decision-making authority is by resolution.
- d. Assigned – includes amounts that are constrained by the city's intent to be used for specific purposes but are neither restricted nor committed. Assignments of fund balance may be made by city council action or management decision when the city council has delegated that authority. Assignments for transfers and interest income for governmental funds are made through the budgetary process.
- e. Unassigned – represents fund balance that has not been assigned to other funds and has not been restricted, committed, or assigned to specific purposes within the General Fund.

It is the City's policy to first use restricted fund balance prior to the use of the unrestricted fund balance when an expense is incurred for purposes for which both restricted and unrestricted fund balance are available. The City's policy for the use of unrestricted fund balance amounts require that committed amounts would be reduced first, followed by assigned amounts and then unassigned amounts when expenditures are incurred for purposes for which amounts in any of those unrestricted fund balance classifications could be used.

The following tables show the fund balance classifications as shown on the Governmental Funds Balance Sheet:

CITY OF YUKON, OKLAHOMA
ANNUAL FINANCIAL REPORT
As of and for the Year Ended June 30, 2023

Equity is classified as net position and displayed in three components:

- f. *Net investment in capital assets* - Consists of capital assets including restricted capital assets, net of accumulated depreciation and reduced by the outstanding balances of any bonds, mortgages, notes, or other borrowings that are attributable to the acquisition, construction, or improvements of those assets.
- g. *Restricted net position* - Consists of net position with constraints placed on the use either by 1) external groups such as creditors, grantors, contributors, or laws and regulations of other governments, or 2) law through constitutional provisions or enabling legislation.
- h. *Unrestricted net position* - All other net position that does not meet the definition of "restricted" or "net investment in capital assets."

Minimum Fund Balance (Reserve) Ordinance

In 2003, city voters approved an additional .25 cent sales tax to be earmarked for replenishing and maintaining a reserve account at a level equal to 25% of the previous fiscal year's revenues as determined by the City Council. The City Council has determined that the minimum reserve requirement is based only on the revenues of the General Fund. Any sales taxes received after that level is obtained, is to be deposited in the General Fund to be used and expended only as approved in individual circumstances by the City Council. At June 30, 2023, there was \$6,245,949 on deposit in the General Reserve Account for that purpose, equivalent to 29.6% of the previous year's General Fund total revenue.

8. Internal and Interfund Balances and Transfers

The City's policy is to eliminate interfund transfers and balances in the statements of activities and net position to avoid the grossing up of balances. Only the residual balances transferred between governmental and business-type activities are reported as internal transfers and internal balances and then offset in the total column in the government-wide statements. Interfund transfers and balances between funds are not eliminated in the fund financial statements.

Transfers:

Internal transfers between funds, accounts and activities for the year ended June 30, 2023 were as follows:

9. Revenues

Sales Tax:

Sales tax revenue represents a 4 cents tax on each dollar of taxable sales of which is recorded as follows:

- 2 cents is recorded in the General Fund except as noted in the last bullet.
- 1 cent is recorded in the 1996 Sales Tax Capital Project Fund to be used for capital improvements and equipment per voter election.
- .25 cents is recorded in the General Reserve Account (an account of the General Fund) to be used first to establish and maintain a reserve account at a level equal to 25% of the previous year's revenues as determined by the City Council; and second, any remainder to be deposited in the General Fund to be used and expended as determined by the City Council.
- .75 cents is recorded in the Public Employees Sales Tax Account (an account of the General Fund).

CITY OF YUKON, OKLAHOMA
ANNUAL FINANCIAL REPORT
As of and for the Year Ended June 30, 2023

- 90% of the 2 cents sales tax collected within the TIF #1 District is transferred from the General Fund to the Yukon Economic Development Fund to be used to pay eligible project costs related to the construction of an interchange at Frisco Road and Interstate 40, as well as creation of an attractive viable commercial corridor south of Interstate 40 on and east of Frisco Road.

Property Tax:

Under State law, municipalities are limited in their ability to levy a property tax. Such tax may only be levied to repay principal and interest on general obligation bonded debt approved by voters and any court-assessed judgments.

At the present time the City levies a property tax to fund the annual debt service requirements of general obligation bonds outstanding.

The property tax levy, as determined by the City's debt service needs, is submitted to the County Excise Board for approval. County assessors determine the taxable value of real estate and personal property in the County. A State Board of Equalization hears complaints on real estate values with the power to equalize assessments. Under present State law, the ratio of assessed value to true value cannot be less than 11 percent nor more than 13½ percent.

Property taxes levied by the City are billed and collected by the County Treasurer's Office and remitted to the City in the month following collection. Property taxes are levied normally in October and are due in equal installments on December 31 and March 31. Property taxes unpaid for the fiscal year are attached by an enforceable lien on property in the following October. Property taxes levied, but not collected during the year or within 60 days of year-end are reported as deferred revenue.

For the year ended June 30, 2023, the City's net assessed valuation of taxable property was \$221,450,863. The taxes levied by the City per \$1,000 of net assessed valuation for the year ended June 30, 2023 was \$3.13.

10. Other Post-Employment Benefits

Plan description: The City's defined benefit OPEB plan provides OPEB to eligible retirees and their dependents. The City Council has the authority to establish and amend benefit provisions. No assets are accumulated in a trust that meets the criteria in paragraph 4 of Statement 75.

Benefits provided: The City provides medical, dental, and vision benefits to eligible retirees and their dependents. The benefits are provided in accordance with State law, the City of Yukon Health Benefits Plan Amended and Restated July 1, 2014, and the Consolidated Omnibus Budget Reconciliation Act of 1985 (COBRA). The retirees and dependents pay 100% of the active employee coverage rates; this results in the retirees and beneficiaries receiving an implicit rate subsidy. Retirees and dependents coverage cease at age 65 and are no longer eligible for the City's OPEB plan. All active employees who retire directly from the City after age 55 with 8 years of service may participate.

Employees covered by benefit terms: At June 30, 2023 the following employees were covered by the benefit terms:

Active Employees	229
Inactives or beneficiaries currently receiving benefit payments	<u>10</u>

CITY OF YUKON, OKLAHOMA
ANNUAL FINANCIAL REPORT
As of and for the Year Ended June 30, 2023

11. Risk Management

The City is exposed to various risks of loss related to torts; theft of, damage to, or destruction of assets; errors and omissions; injuries to employees; employee health and life; and natural disasters. The City manages these various risks of loss as follows:

- General Liability and Physical Property – Covered through participation in Oklahoma Municipal Assurance Group risk entity pool.
- Workers' Compensation – Covered through participation in Oklahoma Municipal Assurance Group risk entity pool.
- Employee's Group Medical – Purchased commercial insurance

12. Commitments and Contingencies

Litigation:

The City is party to various legal proceedings which normally occur in the course of governmental operations. The financial statements do not include accruals or provisions for loss contingencies that may result from these proceedings. State statutes provide for the levy of an ad valorem tax over a three-year period by a City "Sinking Fund" for the payment of any court assessed judgment rendered against the City. These statutory provisions do not apply to the City's public trust Authorities. While the outcome of the above noted proceedings cannot be predicted, due to the insurance coverage maintained by the City and the State statute relating to judgments, the City feels that any settlement or judgment not covered by insurance would not have a material adverse effect on the financial condition of the City.

Federal and State Award Programs:

The City of Yukon participates in various federal or state grant/loan programs from year to year. The grant/loan programs are often subject to additional audits by agents of the granting or loaning agency, the purpose of which is to ensure compliance with the specific conditions of the grant or loan. Any liability for reimbursement which may arise as a result of these audits cannot be reasonably determined at this time, although it is believed the amount, if any, would not be material.

13. Pension Plan Participation

The City of Yukon participates in four pension or retirement plans:

- Oklahoma Firefighter's Pension and Retirement System (OFPERS) – a statewide cost-sharing plan
- Oklahoma Police Pension and Retirement System (OPPRS) – a statewide cost-sharing plan
- Oklahoma Municipal Retirement Fund – an agent multiple-employer defined benefit plan
- Oklahoma Municipal Retirement Fund – agent multiple-employer defined contribution plans

Summary of Significant Accounting Policies - For purposes of measuring the net pension asset, net pension liability, deferred outflows of resources and deferred inflows of resources related to pensions, and pension expense, information about the fiduciary net position of the Oklahoma Firefighters Pension & Retirement System (OFPRS), Oklahoma Police Pension & Retirement System (OPPRS) and Oklahoma Municipal Retirement Fund (OkMRF) and additions to/deductions from OFPRS, OPPRS and OkMRF's fiduciary net position have been determined on the same basis as they are reported by OFPRS, OPPRS and OkMRF. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Investments held by these funds are reported at fair value.

For purposes of measuring the total OPEB liability, deferred outflows of resources, and deferred inflows and OPEB expense for the single employer other postemployment benefit plan the measurement has been prepared in accordance with GASB Statement No. 75.

Fire Plan:

Plan description - The City of Yukon, as the employer, participates in the Firefighters Pension & retirement—a cost-sharing multiple-employer defined benefit pension plan administered by the Oklahoma Firefighters Pension & Retirement System (FPRS). Title 11 of the Oklahoma State Statutes grants the authority to establish and amend the benefit terms to the FPRS. FPRS issues a publicly available financial report that can be obtained at www.ok.gov/fprs.

Benefits provided - FPRS provides defined retirement benefits based on members' final average compensation, age, and term of service. In addition, the retirement program provides for benefits upon disability and to survivors upon death of eligible members. The Plan's benefits are established and amended by Oklahoma statute. Retirement provisions are as follows:

CITY OF YUKON, OKLAHOMA
ANNUAL FINANCIAL REPORT
As of and for the Year Ended June 30, 2023

Normal Retirement:

- Hired Prior to November 1, 2013
Normal retirement is attained upon completing 20 years of service. The normal retirement benefit is equal to 50% of the member's final average compensation. Final average compensation is defined as the monthly average of the highest 30 consecutive months of the last 60 months of participating service. For volunteer firefighters, the monthly pension benefit for normal retirement is \$150.60 per month

- Hired After November 1, 2013
Normal retirement is attained upon completing 22 years of service. The normal retirement benefit is equal to 55% of the member's final average compensation. Final average compensation is defined as the monthly average of the highest 30 consecutive months of the last 60 months of participating service. Also participants must be age 50 to begin receiving benefits. For volunteer firefighters, the monthly pension benefit for normal retirement is \$165.66 per month.

All firefighters are eligible for immediate disability benefits. For paid firefighters, the disability in-the-line-of-duty benefit for firefighters with less than 20 years of service is equal to 50% of final average monthly compensation, based on the most recent 30 months of service. For firefighters with over 20 years of service, a disability in the line of duty is calculated based on 2.5% of final average monthly compensation, based on the most recent 30 months, per year of service, with a maximum of 30 years of service. For disabilities not in the line of duty, the benefit is limited to only those with less than 20 years of service and is 50% of final average monthly compensation, based on the most recent 60-month salary as opposed to 30 months. For volunteer firefighters, the not-in-the-line-of-duty disability is also limited to only those with less than 20 years of service and is \$7.53 per year of service. For volunteer firefighters, the in-the-line-of-duty pension is \$150.60 with less than 20 years of service or \$7.53 per year of service, with a maximum of 30 years.

A \$5,000 lump sum death benefit is payable to the qualified spouse or designated recipient upon the participant's death. The \$5,000 death benefit does not apply to members electing the vested benefit.

Contributions - The contributions requirements of the Plan are at an established rate determine by Oklahoma Statute and are not based on actuarial calculations. Employees are required to contribute 9% percent of their annual pay. Participating cities are required to contribute 14% of the employees' annual pay. Contributions to the pension plan from the City were \$568,397. The State of Oklahoma also made on-behalf contributions to FPRS in the amount of \$840,203 (modified-accrual); these on-behalf payments did not meet the criteria of a special funding situation. For full-accrual reporting the amount of on-behalf payments made were \$1,183,767.

Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions - At June 30, 2023, the City reported a liability of \$15,111,503 for its proportionate share of the net pension liability. The net pension liability was measured as of June 30, 2022, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of July 1, 2022. The City's proportion of the net pension liability was based on the City's contributions received by the pension plan relative to the total contributions received by pension plan for all participating employers as of June 30, 2022. Based upon this information, the City's proportion was 1.155548% percent.

CITY OF YUKON, OKLAHOMA
ANNUAL FINANCIAL REPORT
As of and for the Year Ended June 30, 2023

For the year ended June 30, 2023, the City recognized pension expense of \$2,413,069. At June 30, 2023, the City reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

	Deferred Outflows of Resources	Deferred Inflows of Resources
Differences between expected and actual experience	\$ 1,939,910	\$ 76,287
Changes of assumptions	-	96,348
Net difference between projected and actual earnings on pension plan investments	1,756,118	-
Changes in proportion and differences between City contributions and proportionate share of contributions	653,020	21,268
City contributions during measurement date	4,778	2,597
City contributions subsequent to the measurement date	568,397	-
Total	<u>\$ 4,922,223</u>	<u>\$ 196,500</u>

The \$568,397 reported as deferred outflows of resources related to pensions resulting from City contributions subsequent to the measurement date will be recognized as a reduction of the net pension liability in the year ended June 30, 2024. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense as follows:

Year ended June 30:

2024	\$ 1,234,786
2025	1,006,470
2026	296,929
2027	1,619,141
Total	<u>4,157,326</u>

Actuarial Assumptions-The total pension liability was determined by an actuarial valuation as of July 1, 2022, using the following actuarial assumptions, applied to all prior periods included in the measurement:

Inflation:	2.75%
Salary increases:	2.75% to 10.50% average, including inflation
Investment rate of return:	7.5% net of pension plan investment expense

Mortality rates were based on the Pub-2010 Public Safety Table, with adjustments for generational mortality improvement using scale MP-2018 for healthy lives and no mortality improvement for disabled lives.

The actuarial assumptions used in the July 1, 2022, valuation were based on the results of an actuarial experience study for the period July 1, 2013, to June 30, 2018.

CITY OF YUKON, OKLAHOMA
ANNUAL FINANCIAL REPORT
As of and for the Year Ended June 30, 2023

The long-term expected rate of return on pension plan investments was determined using a building block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense, and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. Best estimates of arithmetic real rates of return for each major asset class included in the pension plan's target asset allocation as of June 30, 2022, are summarized in the following table:

<u>Asset Class</u>	<u>Target Allocation</u>	<u>Long-Term Expected Real Rate of Return</u>
Fixed income	20%	3.62%
Domestic equity	47%	5.66%
International equity	15%	8.34%
Real estate	10%	7.64%
Other assets	8%	5.08%

Discount Rate-The discount rate used to measure the total pension liability was 7.5%. The projection of cash flows used to determine the discount rate assumed that contributions from plan members will be made at the current contribution rate and that contributions from employers will be made at contractually required rates, determined by State statutes. Projected cash flows also assume the State of Oklahoma will continue contributing 36% of the insurance premium, as established by statute. Based on these assumptions, the pension plan's fiduciary net position was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

Sensitivity of the Net Pension Liability to Changes in the Discount Rate-The following presents the city's proportionate share of the net pension liability calculated using the discount rate of 7.5%, as well as what the city's proportionate share of the net pension liability would be if it were calculated using a discount rate that is 1-percentage point lower (6.5%) or 1-percentage-point higher (8.5%) than the current rate:

	<u>1% Decrease 6.5%</u>	<u>Current Discount Rate 7.5%</u>	<u>1% Increase 8.5%</u>
Employer's net pension liability	\$ 19,472,329	\$ 15,111,503	\$ 11,463,873

Pension plan fiduciary net position - Detailed information about the pension plan's fiduciary net position is available in the separately issued financial report of the FPRS which can be located at www.ok.gov/FPRS.

Police Plan:

Plan description - The City of Yukon, as the employer, participates in the Oklahoma Police Pension and Retirement Plan—a cost-sharing multiple-employer defined benefit pension plan administered by the Oklahoma Police Pension and Retirement System (OPPRS). Title 11 of the Oklahoma State Statutes, through the Oklahoma Legislature, grants the authority to establish and amend the benefit terms to the OPPRS. OPPRS issues a publicly available financial report that can be obtained at www.ok.gov/OPPRS.

Benefits provided - OPPRS provides retirement, disability, and death benefits to members of the plan. The normal retirement date under the Plan is the date upon which the participant completes 20 years of credited service, regardless of age. Participants become vested upon completing 10 years of credited service as a contributing participant of the Plan. No vesting occurs prior to completing 10 years of credited service. Participants' contributions are refundable, without interest, upon termination prior to normal retirement. Participants who have completed 10 years of credited service may elect a vested benefit in lieu of having their accumulated contributions refunded. If the vested benefit is elected, the participant is entitled to a monthly retirement benefit commencing on the date the participant reaches 50 years of age or the date the participant would have had 20 years of credited service had employment continued uninterrupted, whichever is later.

Monthly retirement benefits are calculated at 2.5% of the final average salary (defined as the average paid base salary of the officer over the highest 30 consecutive months of the last 60 months of credited service) multiplied by the years of credited service, with a maximum of 30 years of credited service considered.

Monthly benefits for participants due to permanent disability incurred in the line of duty are 2.5% of the participants' final average salary multiplied by 20 years. This disability benefit is reduced by stated percentages for partial disability based on the percentage of impairment. After 10 years of credited service, participants who retire due to disability incurred from any cause are eligible for a monthly benefit based on 2.5% of their final average salary multiplied by the years of service. This disability benefit is also reduced by stated percentages for partial disability based on the percentage of impairment. Effective July 1, 1998, once a disability benefit is granted to a participant, that participant is no longer allowed to apply for an increase in the dollar amount of the benefit at a subsequent date.

Survivor's benefits are payable in full to the participant's beneficiary upon the death of a retired participant. The beneficiary of any active participant killed in the line of duty is entitled to a pension benefit.

Contributions - The contributions requirements of the Plan are at an established rate determine by Oklahoma Statute and are not based on actuarial calculations. Employees are required to contribute 8% of their annual pay. Participating cities are required to contribute 13% of the employees' annual pay. Contributions to the pension plan from the City were \$563,205. The State of Oklahoma also made on-behalf contributions to OPPRS in the amount of \$511,899 during the calendar year and this is reported as both an expenditure and a revenue in the General Fund Statement of Revenues, Expenditures, and Changes in Fund Balance. In the government-wide Statement of Activities, revenue is recognized for the state's on-behalf contributions on an accrual basis of \$434,094. These on-behalf payments did not meet the criteria of a special funding situation.

ANNUAL FINANCIAL REPORT
As of and for the Year Ended June 30, 2023

Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions - At June 30, 2023, the City reported an asset of \$873,591 for its proportionate share of the net pension asset. The net pension asset was measured as of June 30, 2022, and the total pension liability used to calculate the net pension asset was determined by an actuarial valuation as of July 1, 2022. The City's proportion of the net pension asset was based on the City's contributions received by the pension plan relative to the total contributions received by pension plan for all participating employers as of June 30, 2022. Based upon this information, the City's proportion was 1.089374%.

For the year ended June 30, 2023, the City recognized pension expense of \$227,379. At June 30, 2023, the City reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

	Deferred Outflows of Resources	Deferred Inflows of Resources
Differences between expected and actual experience	\$ 428,507	\$ 95,157
Changes of assumptions	30,414	-
Net difference between projected and actual earnings on pension plan investments	852,447	-
Changes in proportion and differences between City contributions and proportionate share of contributions	75,911	4,909
City contributions during measurement date	9,579	597
City contributions subsequent to the measurement date	563,205	-
Total	\$ 1,960,063	\$ 100,663

The \$563,205 reported as deferred outflows of resources related to pensions resulting from City contributions subsequent to the measurement date will be recognized as a decrease of the net pension liability in the year ended June 30, 2024. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense as follows:

Year ended June 30:		
2024	\$ 293,835	
2025	91,600	
2026	(216,976)	
2027	1,062,602	
2028	65,134	
	<u>\$ 1,296,195</u>	

Actuarial Assumptions-The total pension liability was determined by an actuarial valuation as of July 1, 2022, using the following actuarial assumptions, applied to all prior periods included in the measurement:

Inflation:	2.75%
Salary increases:	3.5% to 12% average, including inflation
Investment rate of return:	7.5% net of pension plan investment expense

Cost-of-living adjustments: Police officers eligible to receive increased benefits according to repealed Section 50-120 of Title 11 of the Oklahoma Statutes pursuant to a court order receive an adjustment of 1/3 to 1/2 of an increase or decrease of any adjustment to the base salary of a regular police officer, based on an increase in base salary of 3.5% (wage inflation).

Mortality rates:

Active employees (pre-retirement):	RP-2000 Blue Collar Healthy Combined table with age set back 4 years with fully generational improvement using Scale AA.
Active employees (post-retirement):	RP-2000 Blue Collar Healthy Combined table with fully generational improvement using scale AA.
Disabled pensioners:	Blue Collar Healthy Combined table with age set forward 4 years.

The actuarial assumptions used in the July 1, 2022, valuation were based on the results of an actuarial experience study for the period July 1, 2012, to June 30, 2017.

The long-term expected rate of return on pension plan investments was determined using a building block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense, and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. Best estimates of arithmetic real rates of return for each major asset class included in the pension plan's target asset allocation as of June 30, 2022, are summarized in the following table:

<u>Asset Class</u>	<u>Long-Term Expected Real Rate of Return</u>
Fixed income	3.34%
Domestic equity	4.69%
International equity	8.34%
Real estate	7.64%
Private Equity	9.66%
Commodities	0.00%

The current allocation policy is that approximately 65% of assets in equity instruments, including public equity, long-short hedge, venture capital, and private equity strategies; approximately 20% of assets in fixed income to include investment grade bonds, high yield and non-dollar denominated bonds, convertible bonds, and low volatility hedge fund strategies; and 15% of assets in real assets to include real estate, commodities, and other strategies.

Discount Rate-The discount rate used to measure the total pension liability was 7.5%. The projection of cash flows used to determine the discount rate assumed that contributions from plan members will be made at the current contribution rate and that contributions from employers will be made at contractually required rates, determined by State statutes. Projected cash flows also assume the State of Oklahoma will continue contributing 14% of the insurance premium, as established by statute. Based on these assumptions, the pension plan's fiduciary net position was projected to be available to make all projected

future benefit payments of current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

Sensitivity of the Net Pension Liability (Asset) to Changes in the Discount Rate-The following presents the net pension liability (asset) of the employers calculated using the discount rate of 7.5%, as well as what the Plan's net pension liability (asset) would be if it were calculated using a discount rate that is 1-percentage point lower (6.5%) or 1-percentage-point higher (8.5%) than the current rate:

	1% Decrease 6.5%	Current Discount Rate 7.5%	1% Increase 8.5%
Employers' net pension liability (asset)	\$ 2,531,052	\$ (873,591)	\$ (3,751,348)

Pension plan fiduciary net position - Detailed information about the pension plan's fiduciary net position is available in the separately issued financial report of the OPPRS; which can be located at www.ok.gov/OPPRS.

Employee Defined Benefit Plan:

Plan Description-The City contributes to the OkMRF for all eligible employees except for those covered by the Police and Firefighter Pension Systems, those employees hired after June 30, 2014, and any city manager hired after January 17, 2011 who is currently accruing benefits under another retirement system approved by the city council. The plan is an agent multiple employer - defined benefit plan administered by OkMRF. The OkMRF plan issues a separate financial report and can be obtained from OkMRF or from their website: www.okmrf.org/reports.html. Discount Rate – The discount rate used to value benefits was the long-term expected rate of return on plan investments, 7.50% since the plan's net fiduciary position is projected to be sufficient to make projected benefit payments.

The City has adopted a funding method that is designed to fund all benefits payable to participants over the course of their working careers. Any differences between actual and expected experience are funded over a fixed period to ensure all funds necessary to pay benefits have been contributed to the trust before those benefits are payable. Thus, the sufficiency of pension plan assets was made without a separate projection of cash flows.

The long-term expected rate of return on pension plan investments was determined using a building-block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation (2.75%). Changes in Net Pension Liability-The total pension liability was determined based on an actuarial valuation performed as of July 1, 2022 which is also the measurement date. There were no changes in assumptions or changes in benefit terms that affected measurement of the total pension liability. There were also no changes between the measurement date of July 1, 2022 and the City's report ending date of June 30, 2023, that would have had a significant impact on the net pension liability. The following table reports the components of changes in net pension liability:

Employee Defined Contribution Plan:

The City has also provided a defined contribution plan and trust known as the City of Yukon Plan and Trust in the form of The Oklahoma Municipal Retirement System Master Defined Contribution Plan (OkMRF). The defined contribution plan is available to all full-time employees hired after June 30, 2014, except for those employees participating in another state or local retirement system including police officers, firefighters, and the city manager. Benefits depend solely on amounts contributed to the plan plus investment earnings. Employees are eligible to participate after 90 days of employment and must make contributions to the plan, based upon employee contributions under the pick-up option, at a rate of 5% of covered payroll. These picked-up contributions are made by the employer and paid in lieu of contributions by the employee. Additionally, the employer intends to make contributions to the plan in varying amounts each year. During this fiscal year, the city contributed an additional 15.92% of covered payroll. The City's contributions for each employee (and interest allocated to the employee's account) are vested after 7 years of employment. City contributions for, and interest forfeited by, employees who leave employment prior to fully vesting shall decrease the required employer contributions. The authority to establish and amend the provisions of the plan rest with the City Council.

For the year ended June 30, 2023, the following amounts related to the defined contribution plan:

Employee contributions made	\$ 216,123
Employer contributions made	\$ 634,408

City Manager Defined Contribution Plan:

The City also has a defined contribution plan and trust known as the City of Yukon City Manager Retirement Plan and Trust (CMO Plan). The plan is administered by JP Morgan Chase Bank of Oklahoma City, Oklahoma. According to state law, the authority for establishing or amending the plan's provisions and contribution requirements rests with the city council. This plan is available only to the City Manager. The city manager is eligible to participate upon employment and must contribute 5% to the plan, based upon contributions under the pick-up option. These picked-up contributions are made by the employer and paid in lieu of contributions by the city manager. Additionally, the employer intends to make contributions to the plan in varying amounts each year. The current City Manager is not participating in the plan; therefore, no contributions were made during the year ended June 30, 2023.

Footnotes to Budgetary Comparison Schedules:

1. The budgetary comparison schedule is reported on a non-GAAP budgetary basis that report revenues and expenditures on a cash basis. For budgetary purposes expenditures are recorded in the period when paid and revenues are recorded in the period received.
2. The legal level of appropriation control is the department level within a fund. Transfers of appropriation within a fund require the approval of the City Manager. All supplemental appropriations require the approval of the City Council. Supplemental appropriations must be filed with the Office of the State Auditor and Inspector.

The City exceeded the approved budget in these areas:

Fire	\$11,149

INTERNAL CONTROL AND COMPLIANCE INFORMATION

**CITY OF YUKON, OKLAHOMA
ANNUAL FINANCIAL REPORT
As of and for the Year Ended June 30, 2023**

THIS PAGE INTENTIONALLY LEFT BLANK

**INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON
COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN
ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS**

To the City Council
City of Yukon, Oklahoma

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the City of Yukon, Oklahoma, as of and for the year ended June 30, 2023, and the related notes to the financial statements, which collectively comprise City of Yukon, Oklahoma's basic financial statements, and have issued our report thereon dated June 5, 2024.

Report on Internal Control over Financial Reporting

In planning and performing our audit of the financial statements, we considered City of Yukon, Oklahoma's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of City of Yukon, Oklahoma's internal control. Accordingly, we do not express an opinion on the effectiveness of City of Yukon, Oklahoma's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Report on Compliance and Other Matters

As part of obtaining reasonable assurance about whether City of Yukon, Oklahoma's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed instances of noncompliance or other matters that are required to be reported under Government Auditing Standards, which are described in the accompanying schedule of findings under items 2023-001.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

CITY OF YUKON, OKLAHOMA
SCHEDULE OF FINDINGS AND RESPONSES FOR THE
FINANCIAL STATEMENT AUDIT
YEAR ENDED JUNE 30, 2023

Finding No.	2023-001
Criteria:	The City prepares its budget in accordance with the Oklahoma Municipal Budget Act of 1979. As part of compliance with that budget act, the City prepares and administers its budget at the department level. This is the City's legal level of control.
Condition:	As reported in the notes to financial statements, the amount of expenditures of the Fire department within the City exceeded its appropriations.
Cause:	The City expended more than the amounts appropriated to this specific department during the budget year 2022-2023.
Effect or Potential Effect:	The City appears to have violated state budget laws.
Response:	The City performs internal monitoring of expenses and the budget on a regular basis multiple times per month. Fire Department expenditures in excess of appropriations were attributable to payroll and overtime payroll. The City intends to perform a budget review on these and all payroll accounts prior to fiscal year-end, to insure this does not occur again.
